RANKED #1 IN 2022 VEHICLE BRAND DESIGN RANKINGS

BRAND DESIGN RANKINGS

Brand Design Rankings were established to promote good brands and enterprises that make our planet a better place to live for all beings; we believe recognizing outstanding brands for their outstanding innovations in architecture, arts, science, design and technology motivates the teams behind these brands to create newer, superior and original products, innovative projects, sustainable offerings and positive experiences that advance and benefit our society. Brands included within the Brand Design Rankings are all meticulously selected and ranked following a highly meritocratic process where a grand jury panel of prominent academics, industry veterans and influential journalist peer-review, evaluate and award designs, creations and innovations of the competing brands following pre-established award criteria. The ultimate aim of the Brand Design Rankings is to honour leading brands, innovative enterprises, inventive companies, ingenious businesses, cutting-edge start-ups as well as creative units, R&D departments and in-house teams of good corporations for their radical innovations and outstanding creativity that makes us happier, healthier and safer, and to differentiate the very best brands from the rest of actors in the competition.

Design Leaderboards

Design Leaderboards is an international rankings system for good design based on recent meritocratic achievements of world-class design professionals, agencies and brands. Scoring is done by a grand jury of established design professionals, industry leaders influential journalists and prominent academics who annually evaluate works from all countries and all creative industries based on pre-established evaluation criteria such as utility, sustainability, efficiency and aesthetics. The purpose of the Design Leaderboards is to honor and recognize good designers for their innovative and original designs that benefit and advance our society. This rankings certificate has been issued to recognize, celebrate and mark down the designer's hallmark success in the Design Leaderboards.
